

5300 Sliding Door

*Where indoor meets
outdoor living space*

*"You'll appreciate the quality
we build into every door"*

For over 30 years Vinyl Window Designs (VWD) has maintained competitive pricing and outstanding customer service. The shared characteristics between windows and patio doors elevates VWD above the competition for being the best in the industry. VWD tests our products in our in-

house lab to ensure that only the best in class is shipped. Our craftsmanship in each patio door results in exceptional performance that is built to last.

choose your *configuration*

A smooth operator

Easy Glide

VWD offers an easy glide patio door system that will open with ease, giving you the option between 3 different types of rollers: Tandem Nylon Rollers (std.), Tandem Steel Rollers, and Stainless Steel Rollers.

Grills

VWD offers a wide variety of colours and styles to compliment your decor while adding appeal. Choose from white, pewter or a rainbow of colours for your internal grills. Looking for a more classic look? Consider Simulated Divided Lights (SDL) for a unique traditional appearance.

Security

Add peace of mind to your home with an optional flush security Kick-Lock installed on the sash that can be locked (by pushing downwards) and released (by pulling upwards).

Accent your life with Top Ten (most popular)

A VWD PATIO DOOR IS

*more than just the sum
of its parts*

Our in-house testing facility places VWD in an exclusive group of North American manufacturers that have invested in the resources necessary to ensure the highest quality products and performance through rigorous testing programs. Consumer confidence and satisfaction have not been “farmed out” to third parties. VWD controls the entire process of taking a Patio Door from concept and design right through to manufacturing and delivery.
